Loma Linda, CA | junettecacho@gmail.com | 909-723-2671 | US Citizen

NPI: 1518629526

PROFESSIONAL SUMMARY

Board-Certified Family Nurse Practitioner and Clinical Informatics Leader with 8+ years of combined experience in healthcare, health IT, and EMR implementation. Former Vice President of EMR & IT Development for a national wound care organization. Proven record in clinical consulting, change management, workflow optimization, and large-scale EHR adoption. Experienced in driving interoperability, compliance (HIPAA, CMS), and clinical outcomes improvement.

CORE COMPETENCIES

- EHR/EMR Implementation & Optimization
- Health IT Consulting & Change Management
- Clinical Workflow Design & Process Mapping
- Training & End-User Adoption
- Federal & Enterprise Health Systems
- Agile Project Management
- Clinical Operations & Quality Improvement
- HIPAA, CMS, and Documentation Compliance
- Virtual Care & Telehealth Systems
- Interdisciplinary Collaboration

PROFESSIONAL EXPERIENCE

Vice President, EMR & IT Development

The Wound Pros – Remote/Marina del Rey, CA

Oct 2021 – Present

- Lead strategic design, integration, and deployment of a proprietary EMR system for over 10 clinical and operational departments.
- Manage cross-functional teams of 15+ (App Experts, Trainers, Admins) supporting 500+ clinical users nationwide.
- Conduct workflow analysis and process redesign to align EMR functionality with clinical best practices and regulatory standards.
- Drive Agile implementation and oversee user training, testing, SOP documentation, and feature rollouts.
- Implemented system integrations with Tebra, Business Central, and third-party billing and fulfillment platforms.
- Partner with compliance and operations to ensure HIPAA, CMS, and data integrity standards.
- Supported global adoption under *Wound Care Without Walls* in Kenya, Ghana, and the Philippines.
- Delivered advanced wound care using standardized treatment protocols and Medicare documentation requirements.
- Managed quality, compliance, and patient satisfaction for multi-site wound care programs.
- Supported EHR adoption through user feedback, system testing, and clinical optimization.
