SUMMARY

Strategic and growth-driven Business Development Professional with 5+ years of experience, primarily in the electric mobility and clean energy sector. Proven track record in driving revenue, forging strategic partnerships, and managing end-to-end project execution. Adept at consultative selling, stakeholder engagement, and delivering scalable, tech-driven solutions. Brings strong market insight, agility, and a results-oriented mindset adaptable across emerging and high-impact industries.

PROFESSIONAL EXPERIENCE

Bolt.Earth (Ujoy Technology Pvt Ltd), Manager- Business Development **Oct 2024- Present**

- Spearheading end-to-end business development for EV charging hardware and CMS software solutions across Bangalore and Karnataka, driving over ₹5 Cr in revenue through strategic focus on enterprises, RWAs, real estate developers, educational institutions, fleet operators, and commercial hubs.
- Managing and nurturing key client relationships with leading enterprises and real estate developers, while driving long-term partnerships across hospitality, retail, co-living spaces, dark stores, hypermarkets, logistics fleets, solar dealers, food-tech platforms, and CPOs.
- Delivering 100+ tailored techno-commercial proposals per quarter, aligned with site-specific infrastructure, software service models, regulatory frameworks, and usage demands—achieving ~35% conversion rate.
- Strengthening market presence by expanding IoT-driven EV charging networks and building scalable, hardware + software-based sustainable revenue streams.

3ev Industries Pvt Ltd, Sales Manager- Business Development **May 2024- Sept 2024**

- Achieved sales targets, drove revenue growth, and managed key accounts for client retention.
- Collaborated with product teams and clients to define upgrades across powertrain, IoT clusters, and other key components, coordinating with vendors for execution.
- Maintained strong relationships with NBFCs and finance companies to ensure smooth financing processes.
- Oversaw vehicle homologation to ensure compliance with regulatory standards.

Micelio Mobility Pvt Ltd, Associate Manager- Business Development **June 2022- May 2024**

- Responsible for business development and supply chain requirements of 700+ EV startups in the ecosystem.
- Engaged with 150+ companies to support their testing and validation requirements, ensuring tailored technical and commercial assistance.
- Worked closely on project with the fleet companies to understand their smart IoT device requirements and enable effective implementation and support.
- Acquired a comprehensive understanding of Hardware-in-the-Loop (HIL) systems for BMS, MCU, VCU and IoT device testing processes, enhancing collaboration with clients to drive revenue.
- Developed and implemented strategies promoting adoption of EV component testing services, driving sales and revenue growth.

uFaber Edutech Pvt Ltd, Business Development Manager **Feb 2021- June 2022**

- Orchestrated sales efforts, achieving 500+ deals and managing 50+ Lakh in invoices, while mentoring and supporting the sales team.
- Promoted from BDE to Senior BDE to BDM in just one year due to outstanding performance.
- Executed end-to-end sales processes, including prospecting, pitching, convincing, client management, and team leadership, facilitating deal closures and resolution of escalations.

Byjus Think & Learn Pvt Ltd, BD- Trainee

Oct 2020- Dec 2020

- Modern Zoom Meeting DS Conduction Method.
- Ed-Tech Sales Call Pitch Structure.
